- De negative tal til -50
- Alle 10'erne er markeret ved en farve så der nemmere kan tælles 10 ad gangen.
- Olga Orm er Ole Orms veninde. Olga Orm er lidt genert, så hende møder vi ikke samtidig med Ole Orm..
- Lige som Ole Orm kan Olga Orm også hjælpe os når vi skal tælle og regne.
- Vi taler om hvad Olga Orm kan hjælpe os med og hvordan vi bruger hende. Eleverne kommer med eksempler på det.
